# ISRAEL 2010

7,500 babies, children and teens, removed from their homes by the Welfare Authorities, live in Group Residential Homes

They were born into cycles of poverty

They were not meant to have had a fair chance

## Yeladim - Fair Chance for Children:

- Provides for dozens of kids without a family a **court-appointed guardian**.
- Facilitates **Remedial Teaching** to 1,200 kids in the coming year to close the learning gap between them and their peers.
- Affords a **Bridge to Independence** to over 250 "graduates" of the welfare system.

Together we can ensure that these kids are given a fair chance to break the cycles of poverty to which they were destined.

## A fighting chance at an effective future - End 2010 with a gift to a child in Israel.

**$ 5,000** will provide a "graduate" full participation for one year (including housing) in the Bridge to Independence program

**$ 1,000** will provide Remedial Teaching for one child for one year

**$ 420** will provide a "graduate" full participation for one month (including housing) in the Bridge to Independence program

**$ 300** will provide Guardianship for one month to one of dozens of kids for whom "Yeladim" serves as the court appointed guardian

**$ 18** will provide one hour's Remedial Teaching for one child

Contributions to Yeladim - Fair Chance for Children are facilitated by a tax-exempt organization under Section 501(c) 3 of the Internal Revenue Code, and are deductible for computing income and estate taxes
